Audi Genuine Sport and Design Accessories

A distinctive approach.

Every mile deserves boldness.

Express it your way.

The uncompromised A3 and S3 feature bold, powerful attitudes with strong, chiseled lines. Express your own style by adding Audi Genuine Sport and Design Accessories. All are carefully scrutinized in the design and development process. So while they're striking in appearance, they've also passed rigorous quality assessments. If you're looking for a bolder appearance or a finishing touch, there is an Audi designed solution that makes every mile more enjoyable and more yours.

17" 5-arm helica winter wheels[1]

Adding style and capability, this winter wheel and tire package features winter tires specifically engineered to help improve traction and handling in snow and ice, and even on dry roads in temperatures below 45°F.[1] See your authorized Audi Dealer for details.[2]

Interior color kit

Add sporty red trim to the interior of your A3. The kit includes decorative trim for the rearview mirror, center console, front and rear doors and dashboard.

Audi Sport® license plate frame[3]

This attractive frame is constructed of highly durable materials. Choose carbon fiber, black powdercoat, polished or brushed finish.

Valve stem caps

Emblazoned with the iconic Audi rings, these handsome caps complement the unique design of the wheels on your A3 or S3.

Stainless steel pedal caps

Made of stainless steel, these caps dress up the A3 footrest, brake and accelerator.

Slimline license plate frames[3]

Sleek metal frames are constructed of corrosion-resistant stainless steel. Brushed, polished and black finishes all feature the four rings logo. Carbon fiber composite frame features a clean design without the logo.

1 Remember that even with high-quality winter tires, you must always drive according to the conditions of the road and maintain more distance from other vehicles since braking distances will be longer on ice- and snow-covered roads. 2 Package offerings are subject to change without notice. 3 Check local laws and regulations regarding use.
